

UnityPoint Health

SCHOLAR
ATHLETE
OF THE YEAR

Greetings,

UnityPoint Health and the Iowa High School Sports Network are pleased to announce our call for submissions for the 2017 UnityPoint Scholar Athlete of the Year. Please share this information with your High School Seniors. One senior female student athlete and one senior male student athlete will each be awarded a continuing education grant for up to two-thousand dollars (\$2,000.00).

To be considered, applicants must demonstrate academic excellence, participation in athletics and service to their school and community. This award is unique in the fact that award winners are not necessarily required to attend a four year college institution but can be eligible as long as they continue their postsecondary education at an accredited institution.

To apply, students should download, complete and submit their applications to their High School Principal by May 12, 2017. High School Principals should then review the applications and choose **ONE FINAL APPLICANT** to submit to the Iowa High School Sports Network by June 2, 2017. The Iowa High School Sports Network will notify High School Principals of the 2017 recipients and the award will be presented at a banquet in July, 2017. **The application and all the details can be found at www.unitypoint scholarathletes.com. There is also a link to download a poster to display at your school to encourage student participation. If you should have any questions on this process, you can contact Brady Fuller at brady@ihssn.com.**

Your active participation in presenting this opportunity to your senior students and selecting a qualified applicant has made this prestigious award a success that will continue into the future. We are extremely interested in what you have to say about applicants representing your school.

Thank you for your participation.

Ken Krogman
